POLICY TOPIC DESCRIPTION

Planning and Resolution of Issues Regarding Instructional Practices

POLICY STATEMENT

The school instructional staff shall consistently use instructional practices (methods and techniques used in the delivery of the curriculum) that are tailored to meet the unique instructional needs of all students across all grades and subject areas.

The Academic Performance Committee shall recommend to the SBDM Council instructional design and implementation practices that are based on state and district curriculum standards. These practices will:

- Be scientifically research based (Marzano, etc)
- Be inquiry based
- Require critical thinking
- Involve differentiated instruction
- Be data based
- Focus on conceptual development
- Provide students with authentic and challenging tasks
- Require problem solving
- Promote collaboration and social competence
- Be caring and culturally responsive
- Promote civic engagement
- Include both formative and summative assessment
- Be documented in lesson plans.

The SBDM Council shall be responsible for reviewing recommendations for any additional school-wide instructional practices and determining if the recommendations will enhance student achievement. It will be the responsibility of the Principal to monitor instructional practices and ensure they are implemented with rigor.
