POLICY TOPIC DESCRIPTION

Professional Development

POLICY STATEMENT

The Learning Environment Committee and the principal shall ensure that the professional growth and development needs of the staff are included in the needs assessment portion of the planning process. Additionally, the Learning Environment Committee and the principal shall ensure that the appropriate objectives and strategies are included in the Comprehensive School Improvement Plan (CSIP) to provide for these needs for the coming school year. Finally, the professional development (PD) map should be modified based on student data/performance, staff reflections, and available evaluative tools.

Approval of the CSIP will also constitute approval of the school PD offerings for the upcoming year. PD that is not included in the CSIP requires principal approval and must address a need that is included in the individual's evaluation and professional growth plan.
