Cell: 606-273-9278

CDL Days 1-3: The assignments for these days will be from the original NTI packet used throughout the year and correspond to NTI Days 8-10. Students may turn the completed assignments in to the bus drivers each day OR you may record your answers and email them to me at kimberly.kelly@harlan.kyschools.us

All other remaining CDL Days:

All other assignments for the CDL Instructional Days will come from Study Island. If you don't know your login or were absent and need your Study Island login information, please email or call me to get your username and password.

Logging In to your Account:

Go to <https://app.studyisland.com/cfw/login>

Enter your Username and Password

Once you are logged in to Study Island and are at the home screen, click the “My Classes” tab on the left side of the page. You will then see all your assignments for Chemistry beginning with CDL Day 4, which will begin on Thursday, March 19. You only need to complete one assignment per day, but you are welcome to work ahead if you would like.

Please read and study each lesson BEFORE beginning the assignments. All assignments that involve review questions and study guides will consist of 20 multiple choice review questions. Each topic we cover will also have a test, simply try your best.

Game mode will be on if you would like to play a game as you work. :)

If you have any questions while you are completing each lesson, please send me a message, you can do this directly on Study Island. I will be logged in and ready to help you from 8 a.m. to 4 p.m.
