

**2020**

**Living through History**

**Name:** \_\_\_\_\_

**Grade:** \_\_\_\_\_

**Many of you have read “Diary of Anne Frank” over the past two weeks. If you haven’t, take a moment to look her up and read a little bit about her story. She lived during the Holocaust and kept a diary of her life’s events during that time. Her diary gives us a unique insight to her life and what life was like for many others during that time. Over the next 10 days, I want you to keep a journal and write about things happening currently in your life. I have writing prompts for each day. There will be a blank page for each day as well. You can copy and paste pictures from the news of what is happening that day, take pictures of what is happening at your house, or draw some pictures. Some day when you have your own children and grandchildren, you will have a journal, much like Anne Frank’s, that will give a unique perspective to what was happening during this historic time.**

**April 2, 2020**

**How has your life changed since Covid19 has entered into the United States? How do you feel about these changes?**
