Magazine project

2019-2020

Introduction:

“The Masque of the Red Death” Magazine Project

This project will be based on “The Masque of the Red Death” by Edgar Allan Poe. Your task is to create a magazine (may be created in PowerPoint or Publisher) based on “The Masque of the Red Death”. If using a packet, you may compile your magazine by using plain paper and completing each day’s assignments with headers and titles. Your magazine will have a similar format as everyday magazines that you may find in the grocery store or at home, but the content of your magazine will be centered on the characters, setting, plot, conflict, and theme found in the short story. Please do the sections in the order I have them listed on this sheet. In order to do this assignment, you will need to use your researching skills as well as your knowledge of literature and its elements.

The students will be able to analyze the text and evaluate it using their prior knowledge and creativity. Students will have previously read the story silently and discussed connecting to literature questions. Each day students will complete a section of the magazine to create the culminating product and will receive points for assignments completed. We will turn in each assignment after each NTI day and once we’ve finished all 5 NTI days for this packet we will compile them into one final and finished product which will be “The Masque of the Red Death” magazine.
