Hey students,

In order for this to work correctly, you must follow my directions. On whichever NTI day is announced, you will do the work associated for that day. Simply pull it away from the stapled packet and be sure to turn it in to me when we return to school. You do have 5 days to complete the assignment, but make sure you turn it in to me within that 5 day period. These assignments **will count as test grades!**

Also, make sure you contact me each NTI day, whether you need help or not. If you are fine, just shoot me a message saying you are working with no trouble. If you have a question, I will do my best to help you! Either way, I have to hear from you. If you contact me, you will be awarded 5 bonus points on your next test. So if we have 3 NTI days in a row, you could receive up to 15 points on your next test. If I have to contact you, you will not receive the points.

I love each and every one of you and enjoy the opportunity to have you in my class. If you ever need anything at all, I am always here for you!

Lawson
