

Forensics NTI

For students without Internet

NTI Forensic Assignments for days 1-10 (for students that do not have internet.)

Each NTI day the students will watch on TV, an episode of forensic files, criminal minds, NCIS, CSI Miami and evaluate and answer the 8 questions below for each.

The students must include the title, season and episode of each show they evaluate.

Forensic Video Questions:

1. What was the crime?
2. Where did the crime take place?
3. Who is the victim or victims?
4. Who are the suspects?
5. Identify and list all forensic tools and techniques used in this investigation.
6. In the investigation were there any possibility that the crime scene may have been contaminated in some way? If you think so explain how it was contaminated and what should have been done to prevent it.
7. If you were the lead forensic investigator what other test would you have completed on the crime scene?
8. What could the suspect have done differently that would have kept them from getting caught?
