

“Pow Wow for Progress” Event Held at Cumberland Elementary

March 14th began the “Pow Wow for Progress” testing incentive kick off with a concert in the CES gym for grades K4-8. March 15th was also a very exciting day for the students at Cumberland Elementary School. The “Pow Wow for Progress” testing incentive Field Day events were held at Cumberland Elem. and at the old Cumberland Middle School (due to weather conditions). Students participated in a variety of games, crafts, and sports activities. The events were coordinated and sponsored by the CES FRYSC, the CES 21st CCLC, Club 180 in Cumberland, and the mission team from Long Hollow Baptist Church in Hendersonville, TN under the direction of Pastor John Steen.
