

21st Century Plays Plinko at School's Fall Festival

The Cumberland Elementary School's recent Fall Festival was a huge success! The festival and auction both helped to raise money for reward incentives for students who scored Proficient and/or Distinguished on the CATS test. A variety of booths and various entertainment was set up in the school's gymnasium as well as several classrooms. The CES 21st CCLC "Village Connection" program set up a Plinko booth for students to play during the festival activities. Students could play with 1, 2, or 3 Plinko chips. Everyone who played was guaranteed at least one prize from the prize table. Some lucky students won two or three prizes after playing.

Assistant 21st Century Site-Coordinator Jennifer Brashears shows 4th grader Jade Adams her choices for a prize!

Kaitlyn O'Dell: come on down, you're the next contestant for 21st Century PLINKO!

Both students and parents lined up to try out the 21st CCLC Plinko booth.
