

The National Honor Society of Harlan County High School recently donated food and paper goods to Christ's Hands in Harlan who provides services for our local community. The NHS is a service organization that includes students in the junior and senior classes with a cumulative grade point average of 3.5 or better. A requirement of membership is 20 hours of individual and group service. If there is any organization that needs help from the National Honor Society, you may contact teacher sponsor Anna Carruba at HCHS.
