

Wallins Elementary School recently held a food drive for Christ's Hands. A contest was held within the school and Mr. Robert Simpson's Class, **shown above**, won with the collection of 279 items. Mrs. Betty Curry's class was second, with 132 items, followed by Mrs. Penny Lee's room with 117 items. For winning the competition, Mr. Simpson's room receives a Beta Club Sponsored Ice Cream Float Party. The school wide collection total was 854 items. First of all I would like to just say a big thank you to everyone in the school that participated in this service project! I know that I personally was overwhelmed with the students' willingness to give and to help others as well as the teachers that so compassionately encouraged the students and spoke with them in their classrooms about Christ's Hands and their mission.
