

UK AHEC Summer Enrichment Camp & Health Researchers Youth Academy

<https://medicine.mc.uky.edu/ukaheccamp/>

This webpage link above is for a **UK Summer Enrichment Program** for rising high school juniors ([current 10th grade students](#)) and the **Health Researchers Youth Academy** for rising high school seniors ([current 11th grade students](#)). These summer camps will run from June 11, 2017 - June 30, 2017 and will take place at the UK campus in Lexington, KY.

Please share this link with your students, family, and/or friends who may be interested in a future health career. This is a great opportunity with hands-on learning, observations, research, connections, and so much more. Students will be staying in UK's student dorms for the duration of camp, free of charge, meals and supplies are included as well. They can go home on the weekends at their own expense if students so wish. Applications are competitive; therefore, applicants need to fully complete the applications and submit all required documents on a timely basis to the best of their ability. Feel free to offer them assistance if they need it. The deadline for these camps are shown on this included website. All applications are expected to be submitted online.
