

Wallins Elementary School fourth and fifth graders "wrapped" up their Christmas celebration by helping others. Instead of a traditional gift exchange, students brought in gifts to wrap themselves and donate to Santa Mike Howard. Santa Howard delivers gifts to children throughout the county. Students were excited and worked hard to neatly wrap each gift. One of the student's parents went on a delivery run with Santa Howard and noted the students' gifts were appreciated. Teachers said the students enjoyed being on the giving end this Christmas and loved watching their excitement.
