

**Cawood Elementary celebrated Grandparent's Day on Wednesday, Sept. 13<sup>th</sup> by having breakfast with their grandchildren. The staff welcomed over 100 grandparents including some Great grandparents in our efforts to honor the special way that grandparents enrich the lives of our children.**

**As principal, I was touched by each family member that was able to come in support of our students. It is a pleasure and a blessing to serve this community. I look forward to having many more events like this and helping make special family memories that last a lifetime.**

**Sincerely,**

**Melinda Sergent**
