***Amount: \$1,000.00**

Kentucky Horseshoeing School

We are the ONLY nationally accredited private farrier school in the nation and that enables us to provide financial aid to our students. I wanted to get this updated information to you in case you might have an upcoming graduate that would benefit from our short hands on courses.

To be sure, the farrier's job cannot be duplicated by a machine. It requires a trained eye, a skilled hand, and specific knowledge that will enable you to serve the best interest of the horse. KHS combines the art and science of horseshoeing to provide the most comprehensive farrier education available in the United States today.

Founded in 1978, the Kentucky Horseshoeing School focuses on primary and continuing education that draws upon the best of traditional practices; as well as the newest research to become the premiere farrier education center in North America. Throughout the world you will find KHS graduates working at the top of the farrier industry, shoeing world champions of all breeds and providing leadership within the farrier and equine communities.

You can view school photos in the Gallery located at www.kentuckyhorseshoeingschool.com; however, no photo can adequately depict the scale and function of our campus. We would be happy to schedule a tour anytime Monday thru Friday 8 a.m.-3 p.m.
